# CLIMALT

Besides the impacts of climate change all over the world there are many inspiring grassroots mitigation and adaptation solutions for youth and adults.

ClimAlt wants to empower youth and enhance their critical attitude through discovery, analysis, discussion and spreading local and concrete examples of climate friendly practices, thus reinforcing the perception that changes are possible and that youth can generate them.

The transnational dimension of the project, through the presence of 5 European participating organizations will foster the exchange of diverse knowledge, practices, ideas and cultural perspectives.

# YOUTH EMPOWERMENT ON CLIMATE

## ClimAlt will

- Enhance youth critical attitude towards climate change issues;
- Develop youth and youth workers' environmental education;
- Strengthen cooperation among organizations promoting climate friendly alternatives;
- Reinforce youth capacity to take action and their social and political participation.

# LEARNING ACTIONS FOR CLIMATE

A 32 hour e-learning course on climate change causes, effects and possible alternatives for youth available online in 4 languages

4 webinars focusing on alternative sustainable actions in Italian, English, Bulgarian and Croatian

1-week training on gamification techniques for educators

1 interactive game on climate friendly actions

4 public events to inspire people to become actors of change.

Co-funded by the  
Erasmus+ Programme  
of the European Union
